Governor Hobbs recently signed [HB 4162](#), which extended Arizona's individual income tax credit for contributions to the Military Family Relief Fund to December 31, 2031. The credit is for up to \$200 per year for taxpayers filing as single or as heads of household and for up to \$400 per year for married couples filing joint returns. Also, to easily track developments relating to proposed Arizona tax legislation, I updated [this page](#) on [my website](#).

How do you feel about these developments?
